Maybe even better than free.

You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Simply upload your file and share the link. The cost of that data transfer is covered by your internet service or the data plan onyour phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventuallycosting you money in data storage fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, wesurely would! On the other hand, using file can actually save you money. You don't need any special software installed to be able to download your files. Keepyour files private, or send your download links only to friends or family. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. There are no restrictions on the number of times a file can be downloaded. No account or credit card isrequired to get started. We have no file size limit. Our service is completely free for everyone. Unfortunately, we can't make that part free. You can give thisdownload link to your friends by mail or instant messenger. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any filein any format can be uploaded and downloaded for free. Just upload the file you want to share with your friends and we send you a download link to your file
